Dear Sir:

I shall be glad to give you an address in Trenton this winter, but regret that the dates that you mention are engaged. Friday night is often occupied by meetings in the University, which I must attend. Then the installation of the new Chancellor of Victoria College takes place on the 17th of October, and the 7th and 14th of November are occupied already with necessary engagements. If some day in the beginning of the New Year will suit I think I shall be free to make arrangements.

With kind regards, I am

Yours sincerely,

President

Toronto.

Dear Dr. Falconer,-

I have your kind letter of the 13th instant and while we regret that pressure of engagements precludes the possibility of your speaking for our Trenton Canadian Club in October or November, we are still very glad that you feel disposed to favour us with an address in the month of January.

If you will be good enough to fix a date or a week in January, we shall plan accordingly and later on you could let us know on just what night you would prefer to address us. I can realize how difficult it is for you to plan all your engagements, and particularly for so far ahead.

Trusting that you will be able to set apart the night in one of the weeks of January and assuring you of our appreciation of your favour, I am,

Yours sincerely,

("E.V. Illsey.")

  
Secretary.

Trenton.

Dear Mr. Illsey:

I have just received my calendar for the New Year. How would Friday evening, the 2nd of January, suit you for my address to your Canadian Club in Trenton? If it is acceptable to you I will put it down as a fixture.

Yours sincerely,

President.

E. D. Illsey, Esq.,  
Trenton.

My dear Mr. Illsey:

Many thanks for your cheque for seven dollars and ten cents in payment of my expenses to Trenton. I look back with a very great deal of pleasure to my visit to Trenton and the very kind reception that your Club gave me last Friday evening: also to the visit I had on Saturday morning to objects of interest in and about your town. I regret that you were away in Toronto the evening before, though I am glad that I had the opportunity of meeting you next morning. I went on to Newburgh where I have had two very pleasant days, and am just back. I gave your remembrances to Mr. and Mrs. Gandier and they were very glad that you had thought of them.

With kind regards, I am,

Yours sincerely,

President.
